Welcome to Summer

With temperatures hitting over 30 degrees in the last couple of weeks you can safely say that Summer is here!

Here at Sydney HeliTours we love great weather and get excited when there are blue skies above.

Good luck finding a spot to lay your towel at Bondi at the moment. We have noticed that the beaches are getting busier and busier.

The best way to take in Sydney's wonderful beaches is in a helicopter. In just 25 minutes our Sydney Heli-Icons flight can fly you over the popular Eastern Suburbs beaches and through the picturesque Sydney Harbour

Sydney HeliTours Fleet

We have a number of different aircraft in our fleet. Currently we have two Robinson 44 (R44), a Eurocopter EC120 and the corporate Bell 407.

The R44 (see above) has seating for 3 passengers and 1 pilot. Everyone in the R44 is guaranteed a window seat making for great photographic opportunities.

Super Summer Special

With summer here we have a great special **"The Summer Rush"**.

Happy 60th Birthday KEVIN!!

Kevin's two sons, John and Kevin Jr treated Kevin to a wonderful 60th birthday luncheon at the gastronomic delight Bistro Molines in the charming Hunter Valley.

Their flight took them through Sydney Harbour and over the Northern Beaches before landing at the quaint Tallavera Grove Winery. With their feet back on the ground they took the opportunity to sample some of the best wines from the area, before sitting down to fabulous 3 course luncheon.

So again Happy Birthday Kevin and we look forward to welcoming you on board again soon.
